Fireworks how to: Safety Tips for your Canada Day display

If you plan to set off fireworks for Canada Day, be sure to take some safety precautions to protect yourself and your Audience.

How to buy fireworks

- ♦ You should always purchase fireworks from reliable sources that meet safety standards.
- ♦ Read and follow the directions on the label
- ♦ Keep fireworks and sparklers away from children.
- ♦ Fireworks should always be stored in a cool, dry place and out of direct sunlight.
- ♦ Don't improvise your own fireworks
- ♦ Don't smoke around fireworks

Setting Up

- ♦ Choose a wide, clear site without obstacles to set up your fireworks display. Double check the minimum distances for spectators mentioned on the label of the fireworks
- ♦ Plan the order of the fireworks before lighting them
- ♦ Fireworks should be partially buried, at least half the length, in a bucket, box or wheelbarrow of sand.
- ♦ Fireworks should be set at a 10 degree angle and pointed away from people.
- ♦ Be sure to have lots of water on hand. You can put used fireworks in a pail of water.

Lighting the fireworks

- ♦ Don't light fireworks in windy weather. If there is a light wind make sure the wind is blowing away from any spectators
- ♦ Wear eye protection and gloves
- ♦ Don't place any part of your body over the fireworks
- ♦ Keep your hair and clothes away from the fire sources
- ♦ Always light the fuse of the firework at its tip
- ♦ Don't try and light a firework in your hand and don't hold a lit firework in your hand unless the instructions on the firework say the product was designed to be hand-held.

Or if you are just looking to go and be a spectator there are 33 firework displays across the GTA, including one in Kettleby at Tyrwhitt Park and another in Newmarket at George Richardson Park. Here is a link for full details on all 33 displays.

Have a safe and Happy Canada Day

WELCOME BACK CIJI

We are pleased to announce that Ciji will be back working in the Schomberg office after being away for the year on Maternity Leave. Please help us in giving her a warm welcome back
